About Condor Ferries

Condor Ferries was founded in 1964 and initially operated a passenger service between France and the Channel Islands. In 1987 the first service linking the Channel Islands with the UK was launched and since then Condor Ferries has operated a year-round service connecting the UK through Poole, Weymouth and Portsmouth, the Channel Islands through Guernsey and Jersey and the ports of St Malo and Cherbourg in France.

Condor Ferries operates Condor Vitesse, Condor Express, and Condor Rapide fast cat ferries. In 1999 Commodore Clipper, a conventional car, passenger and freight-carrying vessel was introduced to the fleet to offer an all-weather, year round service. Each year Condor Ferries carries some one million passengers and 200,000 passenger vehicles.

Condor Ferries also operates Commodore Goodwill, as a freight only vessel. The Condor Ferries fleet carries 100,000 freight vehicles into the Channel Islands each year as well as exporting tonnes of local produce.

Condor Ferries is also an active member of the communities within which it operates and supports numerous organisations, sports and charities through sponsorship and travel.
