

CONDOR FERRIES ADDS NEW SUMMER SAILINGS TO ST MALO

Condor Ferries has launched additional sailings to St Malo that will create space for an extra 3,700 vehicles and 34,000 passengers to travel between the Channel Islands and France this summer.

These new sailings have been added to satisfy increased customer demand.

'In recent weeks, we've noticed how popular many of our weekend sailings to St Malo have become and in response we have added new sailings on key travel dates to increase opportunities for residents to take a break in France in August and September. I am pleased that we have been able to acknowledge local feedback and increase sailings,' said Condor Ferries' Jersey Manager Steve Bailey.

'In addition to our existing schedule of up to four departures a day, we have added new sailings in the early morning and evening which will give our customers more time to enjoy the delights of St Malo. Furthermore, customers who drive beyond St Malo and onward into France will be able to take advantage of clearer roads and avoid congestion.'

Updated timetables giving details of the new sailing times, which are already open for booking, can be found at www.condorferries.com, through Condor's reservations centre or at the port.

About Condor Ferries

Condor Ferries was founded in 1964 and initially operated a passenger service between France and the Channel Islands. In 1987 the first service linking the Channel Islands with the UK was launched and since then Condor Ferries has operated a year-round service connecting the UK through Poole, Weymouth and Portsmouth, the Channel Islands through Guernsey and Jersey and the ports of St Malo and Cherbourg in France.

Condor Ferries operates Condor Vitesse, Condor Express, and Condor 10 fast cat ferries. In 1999 Commodore Clipper, a conventional car, passenger and freight carrying vessel was introduced to the fleet to offer an all weather, year round service. Each year Condor Ferries carries some 900,000 passengers and 200,000 passenger vehicles.

Condor Ferries also operates Commodore Goodwill, as a freight only vessel. The Condor Ferries fleet carries 100,000 freight vehicles into the Channel Islands each year as well as exporting tonnes of local produce.

Condor Ferries is also an active member of the communities within which it operates and supports numerous organisations, sports and charities through sponsorship and travel.

More information about Condor Ferries and its services is available at www.condorferries.com.
